Course Video Rubric

Were visual aids used throughout the presentation to support the major ideas?
- Consistently
- Occasionally
- Rarely/Never

Did the presenters speak clearly?
- Easy to understand
- Some effort required to grasp message
- Incoherent

Did the video clearly and convincingly demonstrate the system functionality?
- Yes, the system demo was excellent
- Somewhat: I understand the overall idea, but I don't have a clear picture of the interaction
- No, I did not really understand what the application does

Did the video clearly motivate the problem?
- Clear motivation for the project use case with examples/images
- Motivation mentioned, but not very clear or explained
- Motivation unclear or barely covered

Did the video make a strong connection between the KG and the application?
- It is entirely clear how the KG powers the application
- The KG plays some role in the application, but it appears to be somewhat marginal
- It is unclear how the KG connects to the application
